Pros2Plan Assists Lawn and Pet Supplies Producer

Company Background

Pros2Plan provided staffing/consultant for a producer of lawn and pet products. The company is based in California with over 4000 employees. The company is a leading innovator, marketer and producer of quality branded products for consumer and professional use in the lawn, garden, and pet supplies markets.

How Pros2Plan Helps

Our client needed assistance during their Logility system upgrade. Our Consultant was brought in to review and assess their Logility Demand Planning system and mainly focused on the following:

- Review As-Is & To-Be Processes
- Batch Review & Guidance
- Optimization Recommendations & Suggestions
- Review back end set-ups
- Review other areas defined by clients
- One on One Style Training

The duration of this engagements was approximately 4 weeks.

Our team provides the staffing to execute value-add projects that put our client's business ahead of the competition. By outsourcing key staffing gaps, the client had the flexibility to attack strategic initiatives, while continuing normal business activities and maintaining full-time staffing levels.

We have assisted our clients in hundreds of engagements over the years.

Whether you need an extra set of hands for project management, implementation, upgrade, business process, architecture design, or just a gap in a project, Pros2Plan can assist with providing consultants to ensure your success. With over 20 years of supply chain expertise across all verticals, we can provide the right resource with the right skills set at the right time. The success stories of our clients and of our consultants are our best reference and we want to become one of your success stories.
