## Pros2Plan Helps Candy Manufacturer

### Company Background

Pros2Plan provides staffing for a world class manufacturer and distributor of chocolate, food, snacks, confectionery, and pet food products. This Candy Manufacturer has \$33 billion in annual sales globally and 75,000 associates worldwide. The Duration of engagements spanned from 1 month to 2 years over a period of 10 years

### How Pros2Plan Helped

Our team provides the staffing to execute value-add projects that put our client's business ahead of the competition. By outsourcing key staffing gaps, the client has the flexibility to attack strategic initiatives, while continuing normal business activities and maintaining full-time staffing levels.

Our client needed assistance with their rollout of Blue Yonder Software (Formerly JDA Software) in North America, Canada, and across the globe. Pros2Plan provided resources with years of relevant Blue Yonder experience coupled with industry background in demand planning, fulfillment, and master planning. This depth of expertise allowed the client to navigate the complexities of the rollout knowing that they had key resources to help manage the change and achieve the vision.

**Pros2Plan is involved in various projects across the years, a sample includes:**

- **Supplying Subject Matter Experts** – Supplement the client's needs while implementing, rolling out and upgrading Blue Yonder Demand, Fulfillment and Master Planning
- **Provided Technical and Functional Expertise** – Assist in Trade Promotion Management Integration between JDA 8.1 Demand and Accenture CAS Solutions, Trade Promotion Management Integration between JDA 8.1 Demand and Wipro PROMAX PX Solutions, and upgrading JDA 7.4.2 to JDA 8.1.
- **Blue Yonder (JDA) Upgrade** – JDA 7.4.2 Windows 2003-Oracle 10g environment) to JDA 8.1 (RedHat Linux 6-Oracle 11g environment).
  - This upgrade included JDA 8.1 Demand, Demand 360, Collaborate, Market Manager and Monitor applications
  - JDA Demand related new enhancements and PERL, Korn Shell, SQL, PL/SQL performance tuning.
- **Consultants Advanced IT Skills** – In the hosting and operations of the client's web environment and serve as the primary contact for all intranet web server and sites managed by the web hosting team.

**We have assisted our clients in hundreds of engagements over the years.**
