Pros2Plan Helps Food Processor/Manufacturer

Company Background

Pros2Plan provides staffing for one of the world's largest meat processor and producers. Company is roughly about \$14 billion in annual sales globally and employs 50,000 associates throughout North America and Europe and exports across 40 countries.

How Pros2Plan Helped

Our team provides the staffing to execute value-add projects that put our client's business ahead of the competition. By outsourcing key staffing gaps, the client has the flexibility to attack strategic initiatives, while continuing normal business activities and maintaining full-time staffing levels.

Our client needed assistance as they standardized and upgraded their SAP ERP System across all their business units and brands, as well as, standardized and optimized their Supply Chain (Advanced Planning System) across the enterprise.

Pros2Plan provided resources with years of relevant experience coupled with industry background in the supply chain, specifically Supply Planning arena. This depth of expertise allowed the client to navigate the complexities of the rollout knowing that they had key resources to help manage the change, the day to day activities of the business and achieve the vision.

Pros2Plan is involved in various projects across the years, a sample includes:

- **Full Time Hires** – Director and Manager Level Supply Planning Experts, Planners
- **Excel specialists** – Write new reports to manage business as the upgrades and implementations were taking place
- **Supply Planners** – Backfills created from Project, maternity leaves, or gaps in bandwidth
- **Master Data Experts** – Assist in day to day direction, clean up, optimization for future and strategies moving forward
- **Testing experts** – Consultants that understand supply chain through distribution that understand SAP and Supply Planning. Testers for integration, user and system testing – both technical and functional.

We have assisted our clients in hundreds of engagements over the years.

Pros2Plan continues to be a go-to partner for strategic supply chain staffing finding the right resource, with the right skillset, at the right time and with a cost that works for all. If you need a contractor for a short period of time, weeks to months to years, no worries, we will help.
